

DECLARATION OF COMPLIANCE TO THE REGULATION ON MATERIALS
AND ARTICLES INTENDED TO COME IN CONTACT WITH FOOD
According to Article 16 of Regulation (EC) No 1935/2004

We, the undersigned,

ALLA France, 13, rue du Bompas- ZI du Bompas, Chemillé -49120-Chemillé-en-Anjou – France,

acting as a manufacturer and a distributor, declare that the item known at ALLA France under product code:

- 91000-002

includes the following materials intended to come in contact with food:

- Grade 304 stainless steel

We declare that these materials comply with the following general requirements:

- Regulation (EC) No 1935/2004 of 27 October 2004 on the limits required for LFGB §30 & 31, Council of Europe Resolution CM/Res(2013)9 on metals and alloys used in food contact materials and articles.
- Regulation (EC) No 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food

The migration of substances as well as the deterioration of the organoleptic characteristics depend on various factors such as the type of contact with food, its duration, the temperature, etc.

It is the responsibility of the company in charge of placing the product on the market to ensure compliance with the applicable regulatory and legal requirements.

This declaration of compliance has been established in view of the certificates for the raw materials used.

This declaration is valid at the delivery date of the material or equipment.

Appropriate documentation to demonstrate such compliance shall be held at the disposal of the competent authorities by the declarant.

In the event of breakage, this certificate shall become null and void.
